Hi Penny:

Tom Munson gave me your contact information with reference to the above mine permit.

I need to change all of the contact and mailing information associated with the permit. The company has experienced significant management changes over the past 12 months and I do not believe that the information in your files with regards to contact, and I want to ensure that the information is current.

Please advise the best method to make these updates and changes.

Thank you for your time.
